Type of Supervision: Supervised release Date Supervision Commenced: Supervision to commence on 3/22/2016 Other Court Actions: None

PETITIONING THE COURT To modify the conditions of supervision as follows:

1. The defendant shall reside and participate in Geo Reentry Services, for a period of 120 days; said placement shall commence at the direction of the United States Probation Officer, pursuant to 18 USC 3563(b)(11). The defendant shall pay the cost of confinement as determined by the Bureau of Prisons. Justification: The offender will release from the Bureau of Prisons on March 22, 2016. Although already a resident of Geo Reentry Services in Oakland, California, t indicates he does not have a viable release plan following service of his custodial sentence. Given these circumstances, it is felt a public law placement in Geo Reentry Services is needed to allow his probation officer time to find suitable long-term living arrangements. Additionally, this condition will be in place to allow for a smooth transition into the community. Therefore, it is recommended his conditions of supervision be modified to include that he reside in Geo Reentry Services for up to 120 days. Should the offender find stable living arrangements prior to serving 120 days in this facility, he will be allowed to release into the community. It is noted the offender has signed a Probation 49 - Waiver, agreeing to this modification.

Respectfully submitted, /S/ Tim D. Mechem
